Daya Materials secures RM228mil building job

KUALA LUMPUR: [Daya Materials Bhd](#) has secured an RM228mil contract from [B. Braun Medical Industries Sdn Bhd](#) for a new building at its Penang factory.

Daya Materials said yesterday that its unit, [Daya CMT Sdn Bhd](#), had won the contract after extensive bidding. It has also secured a letter of intent for the project at RM75mil.

It said the works involved extending the manufacturing plant at its Campus One, comprising a new six-storey production and car park building, a four-storey office and plant room, a cafeteria and an eight-storey office building Penang.

"The total built-up area of the project is approximately 75,500 sq m. Works are scheduled to begin in February 2013 and expected to be completed within approximately 30 months," it said.

Daya Materials would fund the development of the project through its won funds and bank borrowings.
